8. Billing and Collection Services8.1 General

The Company will provide the following services:

- Recording Service
- Automatic Number Identification (ANI)
- Billing Name and Address (BNA)

8.2 Recording Service

Recording is the entering on magnetic tape or other acceptable media the details of customer messages originated through Switched Access Service. Recording is provided 24 hours a day, 7 days a week.

The Company will provide Recording Service in association with the offering of Feature Groups B for 900 Access Service, C, and D Switched Access Service for customer messages that can be recorded by Company provided automatic message accounting equipment. In addition, where the Company records the customer messages on manual tickets, the Company will provide Recording Service for the manual tickets and at offices where the Company provides Feature Group A Switched Access Service and has the ability to record the Feature Group A call detail with automatic message accounting equipment and mark the recorded call detail as Feature Group A call detail for a specific customer, the Company will provide the Recording Service for Feature Group A Switched Access Service. At the request of the customer, Recording Service will be provided for Feature Group D Switched Access Service on an end office and type of call basis. Type of call means message telecommunications service (MTS) including 700 and 900 Service, calls originating and/or terminating over a WATS access line, and station message detail recording for MTS and calls originating from a WATS access line.

The Company will provide Recording Service in its operating territory. The minimum territory for which the Company will provide Recording Service is all the appropriately equipped offices in a state operating territory for which the customer has ordered Feature Group A, B for 900 service, C, or D Switched Access Service. A state operating territory of a particular telephone company includes all its LATAs or market areas which are located in the same state including the areas in contiguous states which are assigned to such LATAs or market areas and served by the same Telephone Company.

For Feature Group B or 900 Access Service, C, and D Switched Access Service, the term "customer message" used herein denotes an intrastate call originated by a customer's end user. Station message detail recording is an optional feature which provides a record of customer messages originated by MTS and WATS access lines. Such detail will be provided as part of Feature Group D end office and type of call Recording Service when requested by the customer. For Feature Group A Switched Access Service, the term "customer message" used herein denotes a call over an intrastate Feature Group A Switched Access Service. A Call includes both calls originate to and terminated from a Feature group A Switched Access Service. The beginning and ending of a customer message are determined pursuant to the written instructions of the customer.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.2 Recording Service (Cont'd)8.2.1 Undertaking of the Telephone Company

- (A) The Company will record all customer messages carried over Feature Group B for 900 Access Service, C, and D Switched Access Service that are available to Company provided recording equipment of operators. The Company will record all customer messages, including interLATA intrastate messages and interLATA interstate messages, carried over a Feature Group A Switched Access Service. Unavailable customer service messages (i.e., certain Feature Group C operator and TOPS messages which are not accessible by Company provided recording equipment or operators) will not be recorded. The recording equipment will be provided at locations selected by the Company. When a customer's request requires that Recording Service be provided on an end office and type of call basis, the interval, minimum period and Special Order Charge will be determined on an individual case basis. Assembly and editing will be performed on all customer messages recorded during the billing period established by the customer. Except as set forth in 8.2.1(E) and 8.2.2 following, recorded message detail from previous billing periods will not be recovered and made available to the customer.
- (B) A standard format for the provision of the recorded customer message detail will be established by the Company and provided to the customer. If, in the course of Company business, it is necessary to change the format, the Company will notify the involved customers six months prior to the change.

When sorting of recorded customer message detail and/or billing name and address information is provided to the customer, the interval, minimum period and charges to provide the sorting and/or address information will be determined on an individual case basis.

- (C) The recorded customer message detail provided to the customer will, when requested by the customer, be sorted to furnish detail to meet the customer's need.

8.2.1 Undertaking of the Telephone Company (Cont'd)

(C) (Cont'd)

Recorded customer message detail with or without sorting will be provided to a customer as set forth in (D) following. The Company will determine the number of magnetic tapes or data files required to provide the recorded message detail to the customer.

(D) At the request of a customer, magnetic tapes containing the recorded customer message details with or without sorting will be provided to the customer as part of Recording Service. The magnetic tapes will be provided without the return of previously supplied tapes. The Company will supply the magnetic tapes. Unless specified otherwise by the customer, the magnetic tapes will be sent to the customer via first class U.S. Mail service. However, the customer may pick up the magnetic tapes at a location designated by the Company or request that the detail on the magnetic tapes or in a data file be data-transmitted to the customer. When the recorded customer message details, and the Company receives notice from the customer at least two weeks prior to the date the details would be sent to the customer, the charge as set forth in 8.6 following does not apply.

8.2.1 Undertaking of the Telephone Company (Cont'd)

- (E) Recorded customer message detail which is used at the request of the customer to provide Message Processing and Message Bill Processing Service is not retained by the Company for longer than 45 days. The rated but unbilled message detail and the billed message detail and the billed message detail is retained for reference (i.e., on paper or microfiche) in place of the recorded customer message detail. For recorded customer message detail not used by Message Processing Service at the customer's request, the Company will make every reasonable effort to recover recorded customer message detail previously made available to the customer and make it available again for the customer. The charges as set forth in 8.6 following will apply for all such detail provided. When the recorded customer message details are data-transmitted to a customer premises, the data transmission charges will be determined on an individual case basis. Such a request must be made within thirty (30) days from the date the details were initially made available to the customer.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.2 Recording Service (Cont'd)8.2.2 Liability of the Telephone Company

Notwithstanding 8.2.1 preceding, the Company liability for Recording Service is as follows:

- (A) Unless there is an expressed written agreement to the contrary, in the absence of gross negligence or willful misconduct, no liability for damages to the customer or other person or entity other than as set forth in (A) and (B) preceding shall attach to the Company for its action or the conduct of its employees in providing Recording Service.

8.2.3 Obligations of the Customer

- (A) The customer shall order Recording Service under a Special order.

The customer shall order Recording Service at least one month prior to the date when the Customer message detail is to be recorded, unless the customer's request requires that Recording Service be provided by end office and type of call, then the ordering interval will be determined on an individual case basis.

The customer shall order Recording Service for Feature Group D Switched Access by end office and type of call in accordance with the terms and conditions established on an individual case basis Special Order.

- (B) The customer shall order provision of recorded customer message detail with or without sorting at least one month prior to the date when it wishes to receive the recorded message detail. However, the customer may wish to receive magnetic tapes of the recorded customer message with or without sorting detail or have the recorded detail data-transmitted to a customer premises at some times and not at others. Therefore, change in the detail with or without sorting to the customer will be accommodated provided the customer gives two weeks advance written notification to the Company.

8.2.3 Obligations of the Customer (Cont'd)

- (C) The premises of the ordering customer shall provide such signals as may be required for the proper operation of the Company's automatic message accounting equipment used to perform the detail recordings.

8.2.4 Payment Arrangements and Audit Provision

(1) Notice and Scope

- (a) Upon forty five (45) days' prior written notice by the customer to the Company (or such shorter period as the parties may mutually agree upon), the customer or its authorized representative shall have the right to commence an audit during normal business hours and at intervals of no more than on any audit in any six month period. The audit will be limited to all such records and accounts as may, under recognized accounting practices, contain information bearing upon amounts subject to being billed to the customer's end users by the Company as part of its provision of Billing and Collection Services and the changes to the customer for other services provided by the Company pursuant to this tariff.
- (b) The written notice of audit shall identify the date upon which it is to commence, the location, the customer's representatives, the subject matter of the audit, and the materials to be reviewed.
- (c) The written notice of audit shall be directed to the Company's representative at the address stipulated by such representative.

8.2.4 Payment Arrangements and Audit Provision (Cont'd)

(1) Notice and Scope (Cont'd)

- (d) The Company may, within thirty (30) days of receipt of the customer's notice of audit, postpone commencement by written notice for a period not to exceed fifteen (15) days, but only for good cause. The Company shall also indicate the new date for commencement of said audit.
- (e) Upon completion of the audit, the customer's auditors are to provide an oral report of their findings to the Company prior to their departure, followed by a letter within thirty (30) days confirming findings and postponed completion.

(2) Payment of Expense

Each party shall bear its own expenses in connection with the conduct of an audit. Special data extractions required by the customer for its representative to conduct the audit will be paid for by the customer. "Special data extraction" for auditing purposes shall mean programming, clerical and computer time required to create an output record (from existing data files) that cannot normally be created from current software programs in the production program library.

(3) Requests for Examinations

- (a) In addition to audits, the customer, or its representatives, may request, from time to time, the opportunity to conduct an examination, as defined in (b) following. The Company will make reasonable efforts to accommodate requests for examination and to cooperate in the conduct of an examination.

8. Billing and Collection Services (Cont'd)8.2 Recording Service (Cont'd)8.2.4 Payment Arrangements and Audit Provision (Cont'd)(3) Requests for Examinations (Cont'd)

- (b) An "Examination" shall, for purposes of this section, constitute a reasonable inquiry on a single issue or a specific topic related to Billing and Collection Service for a stated reason.

Upon concurrence by both parties that errors or omissions exist, adjustment shall be made by the proper party to compensate for any errors or omissions disclosed by such examination or audit.

(4) Audit Provision

- (a) All information received or reviewed by the customer or its authorized representative is to be considered confidential and is not to be distributed, provided or disclosed in any form to anyone not involved in the audit, nor is such information to be used for any other purposes.

(5) Minimum Period and Minimum Monthly Charge

- (a) The minimum period for which Recording Service without sorting is provided and for which charges apply is one month for each state in which the service is ordered, unless a customer's request requires that Recording Service be provided by end office and type of call, then the minimum period will be determined on an individual case basis, as set forth in 8.2.3(A) preceding.
- (b) The minimum monthly charges are the charges for customer messages recorded customer messages assembled and edited, and, when ordered by the customer, provision of customer message detail on magnetic tapes or data files. If the service is cancelled or discontinued prior to entering the customer message detail on magnetic tapes or data files, the minimum monthly charge will be the charge for all customer messages recorded, assembled and edited for a thirty (30) day period. The Company will use the most recent thirty (30) day period for which data is available to determine the minimum charge.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.2 Recording Service (Cont'd)8.2.4 Payment Arrangements and Audit Provision (Cont'd)(6) Cancellation of a Special Order

- (a) A customer may cancel a Special Order for Recording Service on any date prior to the service date. The cancellation date is the date the Company receives written or verbal notice from the customer that the Special Order is to be cancelled. Their verbal notice must be followed by written confirmation within ten (10) days. The service date for Recording Service is the date the customer requests the recordings to start. When a customer cancels a Special Order for Recording Service after the order date but prior to the start of service, the Special Order charge and the minimum monthly charges will apply, except when the Special Order is for the Recording Service of Feature Group D Switched Access Service by end office and type of call, then the Cancellation Charges will be determined on an individual case basis.

(7) Changes To Special Orders

- (a) When a customer requests material changes to a pending Special Order for Recording Service, the pending Special Order will be cancelled and the requested changes will be undertaken if they can be accommodated by the Company under a new Special Order. Material changes to a pending Special Order for location and/or number of Company recording locations, changes in sorting parameters, provision of end user phone number, provision of data transmission to a customer location of customer recorded message detail, changes in schedules, dates of intervals for receipt of customer recorded message detail and changes to provide for Recording Service by end office and type of call. Non-material changes to a pending Special Order include changes in customer name, customer address and customer requests to receive Recording Service output at the Company location instead of through U.S. Mail. All cancellation charges as set forth in (6) preceding will apply for the cancelled Special Order.

8.2.5 Rate Regulations

- (A) The per Special Order charge applies for each Special Order accepted by the Company for Recording Service or for a subsequently requested change.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.2 Recording Service (Cont'd)8.2.5 Rate Regulations (Cont'd)

- (B) When message detail is entered on a data file or magnetic tape for provision of message with or without sorting detail to a customer, the per tape charge applies for each data file or magnetic tape prepared, and the per record charge applies for each record processed. A record is a logical grouping of information as described in the programs that process the information and load the magnetic tapes or data file. The Company will determine the charges based on the number of data files or magnetic tapes prepared and on its count of the records input to or the number of records output from the programs that process the information and load the magnetic tapes or data file, whichever number of records is higher.
- (C) When the customer requests a detailed estimate of the programming or other charges which would apply for any Recording Service as set forth in 8.6 following, ordered or under consideration, Program Development charges to develop the estimate will apply. The Company will determine whether the customer's request is for a detailed estimate or for an order of magnitude, which is a broad estimate of time and cost, will be provided to the customer at no charge. The Company will notify the customer of this determination before any work is done on the request. The Program Development charge to prepare the detailed estimate charge will be determined by the Company and will be billed to the customer, at the rates set forth in 8.6 following, whether or not the service is ordered. The customer must agree to pay the charges for the estimate prior to the start of any activity.
- If a detailed estimate has been provided and Program Development charges are billed and the customer orders the service, the total charge to the customer for that service may not exceed the estimated amount by more than ten (10) percent. This limitation does not apply if the service ordered by the customer is changed from the one estimated.
- (D) The basic per hour rate and the premium per hour rate for program development is for the use of one hour of one Company programmer's time.

8.3 Automatic Number Identification

ANI provides the automatic transmission of a seven or ten digit number and information digits to the customer's premises for calls originating in the LATA, to identify the calling station. The ANI feature is an end office software functions which is associated on a call-by-call basis with (1) all individual transmission paths in a trunk group routed directly between an end office and a customer's premises or, where technically feasible, with (2) all individual transmission paths in a trunk group between an end office and an access tandem, and a trunk group between an access tandem and a customer's premises.

8.3.1 Rate Regulations

When Automatic Number Identification (ANI) is delivered (with Feature Group D originating) and the customer is charged the recording rate as set forth in Section 8.6 to 8.9 the ANI rate does not apply. If the customer is not charged the recording rate, the ANI will apply for each ANI delivered to the customer. This charge will not be assessed on messages billed by Telephone Company on behalf of the Interexchange Carrier when New York intrastate annual volume with Telephone Company and its affiliates exceeds one million.

8. Billing and Collection Services (Cont'd)

8.4 Billing Name and Address Service

Billing Name and Address (BNA) Service is the provision of the complete billing name, street address, city or town, state and zip code for a telephone number assigned by the Company.

BNA Service is provided for the sole purpose of permitting the customer to bill its telephonic communications services to its end users and may not be resold or used for any other purpose, including marketing activity such as market surveys or direct marketing by mail or by telephone.

The customer may not use BNA information to bill for merchandise, gift certificates, catalogs or other services or products.

BNA Service is provided on both a manual and a mechanized basis. On a manual basis, the information will be provided by voice telecommunications or by mail, as appropriate. On a mechanized basis, the information will be entered on magnetic tape containing record customer messages.

BNA information is furnished for sent-paid, collect, bill to third number, 700 and 900 service messages and messages charged to a calling card that is resident in the Company's data base. In addition, BNA information for messages originated from data terminal numbers (DTNs) of data communications services is furnished on a manual basis only.

When requested by the customer, a Master BNA List containing the end users currently presubscribed to that customer will be provided by paper or magnetic tape. The charges for each Master BNA List is as set forth in 8.6 following.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.4 Billing Name and Address Service8.4.1 Undertaking Of The Telephone Company

- (A) A request for information on over 100 and up to 500 telephone numbers should be mailed to the Company. The Company will provide the response by first class U.S. Mail within ten (10) business days.
- (B) Upon receipt of a magnetic tape of recorded customer messages, the Telephone company will, at the request of the customer, provide BNA Service on a mechanized basis. The tape of messages may be provided by the customer or, where the customer subscribes to Recording Service as set forth in 8.1 preceding, may be the output from that service. The Company will enter the BNA information on the recorded message tape and send the tape to the customer by first class U.S. Mail. Other methods of delivering the data may be negotiated, and charges based on cost will apply.

The Company will provide a response to customer-provided tapes by mail within six (6) business days of receipt. The Company will process and mail tapes which are the output of Recording Service every fifth business day.

- (C) The Company will specify the format in which requests and tapes are to be submitted.
- (D) The BNA information will be provided for the calling number furnished to the extent a billing name and address exists in the Company Customer Records Information System (CRIS), including non-published numbers. If the billing name and address information for a specific calling number is confidential due to legal, national security, end user or regulatory imposed requirements, the Company will provide an indicator on the confidential records.
- (E) The Company will provide the most current BNA information resident in its data base. Due to normal end user account activity, there may be instances where the BNA information provided is not the BNA that was applicable at the time the message was originated.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.4 Billing Name and Address Service (Cont'd)8.4.2 Obligations of the Customer

- (A) With each order for BNA Service, the customer shall identify the authorized individual and address to receive the BNA information.
- (B) A customer which orders BNA Service on a mechanized basis and which intends to submit tapes of record messages for processing must provide the Company with an acceptable test tape or transmission which includes all call types for which BNA information may be requested.
- (C) The customer shall institute adequate internal procedures to insure that BNA information, including that related to non-published telephone numbers, is used only for the purpose set forth in this tariff and that BNA information is available only to those customer personnel or agents with a need to know the information. The customer must handle all billing name and address information designated as confidential by the Company in accordance with Company's procedures concerning confidential information. The Company will provide to the customer a statement of its procedures concerning confidential information.
- (D) The customer shall not publicize or represent to others that the Company jointly participates with the customer in the development of the customer's end user records, accounts, data bases or market data, records, files and data bases or other systems it assembles through the use of BNA Service.
- (E) When the customer orders BNA Service for both interstate and intrastate messages, the projected interstate percentage of use must be provided in a whole number to the Company. The Company will designate the number obtained by subtracting the projected interstate percentage from 100 (100 - projected interstate percentage = intrastate percentage) as the projected intrastate percentage.

(E) (Cont'd)

This whole number percentage will be used by the Company to apportion the rates and nonrecurring charges between interstate and intrastate in those circumstances where the recorded message detail is not sufficient to permit the Company to determine the appropriate jurisdiction. This percentage will remain in effect until a revised report is received as set forth following.

Effective on the first of January, April, July and October of each year the customer may update the jurisdictional report. The customer shall forward to the Company, to be received no later than 20 calendar days after the first of each such month, a revised report showing the interstate percentage of use for the past three months ending the last day of December, March, June and September, respectively. Except where jurisdiction can be determined from the recorded message detail, the revised report will serve as the basis for the next three months billing and will be effective on the bill date in the following month (i.e., February, May, August and November). No prorating or back billing will be done based on the report. If the customer does not supply the report, the Company will assume the percentages to be the same as those provided in the last quarterly report. For those cases in which a quarterly report has never been received from the customer, the Company will assume the percentages to be the same as those provided in the order for service.

- (F) The Company shall use reasonable efforts to provide accurate and complete lists. The Company makes no warranties, expressed or implied, as to the accuracy or completeness of these lists.

8.4.3 Rate Regulations

- (A) Service Establishment Charges apply for the initial establishment of BNA Service on a manual basis, for the initial establishment of BNA Service on a mechanized basis and for establishment of a Master BNA List for a customer.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.4 Billing Name and Address Service (Cont'd)8.4.3 Rate Regulations (Cont'd)

- (B) A charge applies for each request for BNA information for a telephone number or DTN number on a manual basis. A charge applies for each message processed to supply BNA information on a mechanized basis.

The Company will keep a count of the requests and of the messages processed. The Company will bill the customer in accordance with these counts whether or not the Company was able to provide BNA information for all requests and messages.

A charge applies for each customer specific Master BNA listing and Recent Change BNA listing provided.

- (C) Where the recorded message detail is sufficient to determine a message is an intrastate message, the rates set forth in 8.5 following apply to each such message.

Service Establishment Changes and usage for which the recorded message detail is insufficient to determine jurisdiction will be prorated by the Company between interstate and intrastate.

The percentages provided in the reports as set forth in 8.4.2(E) preceding will serve as the basis for prorating the charges. The intrastate charges are determined as follows:

- (1) For the Service Establishment Charge, multiply the intrastate percentage times the stated tariff rate.
 - (2) For usage sensitive (i.e., requests or messages processed) chargeable rate elements, multiply the intrastate percent times actual use times the stated tariff rate.
- (D) When a customer cancels an order for BNA Service after the order date, the Service Establishment Charge applies.
