1. APPLICATION OF STATEMENT OF RATES

This statement of rates, originally submitted March 10, 2003 pursuant to OPUC Order No. 03-085, entered February 5, 2003, is being revised in compliance with OPUC Order No. 03-209.

This statement of rates may contain rates for (and/or reference) services, facilities, arrangements and the like that Frontier does not have an obligation to provide under 47 U.S.C. § 251(c)(3). Notwithstanding any such rates (and/or references) and, for the avoidance of any doubt, nothing in this statement of rates shall be deemed to require Frontier to provide a service, facility, arrangement or the like that Frontier is not required to provide under 47 U.S.C. § 251(c)(3), or to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that are required pursuant to 47 U.S.C. § 251(c)(3). By way of example and without limitation of the foregoing, Frontier is not required to provide unbundled access to certain high-capacity loop and transport facilities out of wire centers that meet the applicable non-impairment criteria set forth in the regulations promulgated by the FCC pursuant to its Order on Remand, *Unbundled Access to Network Elements: Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers*, WC Docket No. 04-313, CC Docket No. 01-338 (FCC rel.
