SERVICE FOR PAYPHONES.....	1

Issued by authority of an Order of the Public Service Commission of West Virginia  
in Case No. 97-0643-T-T dated 3/5/03.

SERVICE FOR PAYPHONES

A. GENERAL

Service for Payphones is an individual line, flat rated, exchange service designed for use with Payphones operated by customers who provide and/or sell calling services to users of their payphones. In addition to the following regulations, customers must also comply with all Rules and Regulations of the Public Service Commission of West Virginia.

B. REGULATIONS

1. Explanation of Terms

Call Screening

Inward Call Screening, which is included with Service for Payphones, is an arrangement which identifies and disallows collect and third number calls to the Payphone.

Outward Call Screening, when used in connection with Service for Payphones is an optional feature whereby outgoing calls, which are routed to a Telephone Company operator, will be processed either on a bill to third number, collect call or calling card basis as instructed by the calling party.

Line Side Answer Supervision, is an optional feature that detects and provides signaling to activate billing mechanisms upon connection of a call and deactivate billing mechanisms when the call is terminated.

700/900 Blocking prevents access to 700 and 900 telephone numbers.

Long Distance Messages Restriction

2. Service for Payphones will be furnished only to customers who are registered as Payphone Service Providers with the Public Service Commission of West Virginia. Payphones connected to Service for Payphones must be registered in compliance with Part 68 of the applicable FCC rules.

3. Service for Payphones shall include the following types of lines:

Station Controlled Payphone Line Service (SCPL) may be used with station controlled payphones and allows directly dialed local and toll calls. Subscribers to this service may request Call Screening, Line Side Answer Supervision, and 700/900 Blocking.

Network Controlled Payphone Service may be used with network controlled payphones and are available as follows: Network Controlled Coin Lines (NCCL), Network Controlled Non-Coin Lines (NCNL), and Network Controlled Inmate Lines.

Issued by authority of an Order of the Public Service Commission of West Virginia in Case No. 97-0643-T-T dated 3/5/03.

SERVICE FOR PAYPHONES

B. REGULATIONS (Cont'd.)

3. (Cont'd)

NCCL may be used with coin operated payphones and is equipped with network coin control capability including coin collect and return features, call rating capabilities and operator services which allow coin call end users to signal the operator during the call. All sent-paid IntraLATA toll calls will be carried by the Telephone Company, unless an alternative qualified carrier is designated by the customer, and will be charged at, and subject to, the applicable rates, terms, and conditions of the carrier.

NCNL may be used with non-coin payphones, including card reader or credit card telephones, and prevents the completion of chargeable directly dialed local or toll calls without operator intervention.

NCIL may be arranged as coin or coinless service on the premises of city, county, state, and federal prisons where institutionally authorized telephone programs warrant the service. NCIL service may be provisioned as a:

- 3) Coin One-Way, Outgoing Mechanized Collect line#
- 4) Coinless One-way, Outgoing Mechanized Collect Only line
- 5) Coinless Two-way line.

NCIL service is provided for the purpose of originating messages from coinless telephones and collect and local sent-paid messages from coin-operated telephones to numbers in the Telephone Company's North American Dialing Plan.

The customer may select either one way or two service for SCPL, NCCL, NCNL and coinless NCIL. One-way, outgoing only service prevents the completion of incoming calls. All sent paid toll calls will be charged at, and subject to, the applicable rates, terms, and conditions of the carrier. Call Screening and 700/900 blocking are standard features of NCCL, NCNL, and NCIL services. Line Side Answer Supervision is provided for NCCL service, and is optional for SCPL and NCNL services.

# Coin NCIL is provisioned the same as Coinless NCIL (One-way, Outgoing Mechanized Collect Only), except local sent-paid messages are permitted.

Issued by authority of an Order of the Public Service Commission of West Virginia in Case No. 97-0643-T-T dated 3/5/03.

SERVICE FOR PAYPHONES

B. REGULATIONS (Cont'd.)

4. The customer's Payphone, other than inmate phones using NCIL service, must be so arranged as to permit its user to place calls without charge to Universal Emergency Number 911 Services, the Telephone Company's operator, and toll free carrier access numbers. Calls to Telephone Company numbers such as repair service, directory assistance, live operator (0-), Toll Free numbers, 10XXXX, and public emergency numbers such as 911 will be blocked from all NCIL service.
5. Only one Payphone will be permitted to be connected to each Payphone Service line.
6. Dialing instructions must be prominently displayed on the customer's Payphone. The Payphone must also clearly identify the customer providing the Payphone and include information advising the user where and how to direct claims, inquiries, and repair requests.
7. It is the responsibility of the customer to place the street address or other physical location of the Payphone as required under state regulations.
8. Nonpublished and Nonlisted Telephone Service, as described in the General Service Tariff, will be provided at no charge upon the customer's request. Directory Listings are not available for NCIL, or for one-way SCPL, NCNL and NCCL service. Directory Listings requested by customer for two-way SCPL, NCCL or NCNL are subject to the regulations and rates specified in the General Services Tariff, Section 6.
9. The rates for Directory Assistance calls provided to Service for Payphones shall be the same as the rates applicable to business service.
10. Failure of the customer to comply with the provisions of this Tariff or applicable regulations may result in suspension or disconnection of service.
11. The Payphone subscriber shall be responsible for the installation, operation, and maintenance of any pay telephone used in connection with this service.
12. The Payphone subscriber shall be responsible for payment of all applicable charges, including local, toll, and F.C.C. charges associated with the provisioning of this service.
