COMPETITIVE SERVICE TARIFF

---

**RATES AND RULES**

GOVERNING THE FURNISHING OF TELEPHONE SERVICE IN  
BEDFORD AND FULTON COUNTIES IN THE STATE OF PENNSYLVANIA

---

ISSUED: March 30, 2023

EFFECTIVE: April 1, 2023

By

STATE DIRECTOR  
GOVERNMENT AND EXTERNAL AFFAIRS  
FRONTIER COMMUNICATIONS  
COMMONWEALTH TELEPHONE COMPANY  
DALLAS, PENNSYLVANIA

**NOTICE**

See Sheet 2

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

LIST OF MODIFICATIONS

This filing is to remove Directory Assistance and Operator Services from the tariff. These services are transitioning to a 3rd party vendor and discontinue Line Status Verification and Call Interruption features. This discontinuation is due to changes in technology and vendor support.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**GENERAL REGULATIONS**

This Informational Tariff governs the provision of competitive services. In addition to the regulations included herein, the General Regulations contained in Tariff-Telephone PA P.U.C. No. 5 also apply. The Company may, from time to time, on a minimum of at least one (1) day's notice to the Commission, vary or waive the rates or terms and conditions of any products or services contained herein.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

Product bundles provide customers the option of subscribing to service packages that combine access line service with other features and services offered by or through the Company at a single bundle rate.

**1. Frontier Digital State Unlimited with Essentials 3\***

(C)

The Frontier Digital State Unlimited with Essentials 3 is a package offering available to residential customers that subscribe to flat rate service. The package includes one basic Flat Rate Access Line and local features.

Flat rate access line with:

- |                     |                                  |
|---------------------|----------------------------------|
| Speed Call 8        | Call Waiting/Cancel Call Waiting |
| Automatic Redial    | Touch Tone                       |
| Caller ID plus Name | Call Waiting ID Call Forwarding  |

Optional features will be available to the Digital Phone State Unlimited with Essentials 3 bundle at a special price. The following features are available:

- |                           |                           |
|---------------------------|---------------------------|
| Speed Call 30             | Anonymous Call Rejection  |
| Anonymous Call Acceptance | 6-Way Calling             |
| Call Trace                | Call Forward Plus         |
| Remote Call Forwarding    | 3-Way Calling Call Return |

**A. Stay Connected**

The Stay Connected option allows the customer to suspend the Digital Phone Unlimited State for a minimum of one month and up to nine months in a rolling year for a reduced rate.

(C)

1. Customer is asked to provide a reconnect date at the time of the suspension. If a reconnect date is given then the reconnection charges do not apply.
2. A \$25.00 re-activation fee will apply if the customer does not provide a reactivation date at the time the order is placed to add the service.
3. Customer's line will be available for 911 calls only at the time of suspension.
4. The time that the customer is on the "Stay Connected" Seasonal Service will count for the fulfillment of the contract time.

\*The service offering is limited to all existing subscribers at their existing locations.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**2. Frontier Choices Bundles (cont'd)**

A. Regulations

1. Bundles are available where technically feasible.
2. Bundled rates are based on the current access line rate groups.
3. The features are provided subject to their individual service regulations as specified in the applicable sections of the tariff.
4. It is the responsibility of the subscriber to enroll in the package.
5. Residential customers currently subscribing to all services in the Bundles Package may request billing at the package price.
6. When the customer changes or disconnects any component of the Bundles, then the remaining components of the package will be billed at their individually tariffed rates. Non-payment or partial payment of the bill may result in the removal of the regulated services that are included in the package.
7. Customers may add or delete any features offered in the package without a Service Order Charge.
8. Customers may change Bundles without incurring a Service Order Charge.
9. The Bundles price is a set price. No discounts will be given to subscribers that do not use all the features or have some features turned off.
10. The free directory assistance calls encompass any free Directory Assistance offering that may be available.
11. Federal Subscriber Line charges, taxes, and surcharges will be billed separately, in addition to the Bundles offering.
12. Any applicable charges for call completion that would otherwise apply are not included in the Bundled service price.

\*The service offering is limited to all existing subscribers at their existing locations.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles****2. Frontier Choices Bundles (cont'd)****4. Demonstration Period**

The demonstration period gives the Telephone Company the option of waiving recurring charges, nonrecurring charges or both in order to promote the sale of the Bundled Services.

**Regulations**

The Telephone Company reserves the right to waive any or all of the recurring, nonrecurring or both charges associated with the Bundles product at any time upon notice to the Commission.

Appropriate notification of waived charges will be made to eligible customers.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles****3. FrontierWorks**

FrontierWorks Small Business Solutions are package offerings available to business customers and include, as described below, either one or two business access lines, Call Forward Busy Line, Call Forward No Answer, and certain designated non-regulated and federally tariffed or price-listed services. Listing of the non-regulated services and federally tariffed or price-listed services is provided only for the purpose of clarity and does not imply that these services are subject to state regulatory authority. The pricing listed in Rates and Charges represents the charges for the regulated local service portion of all bundles subject to tariffing by the Pennsylvania Public Utility Commission.

1. Bundle 1
  - a. One Business Access Line, including Call Forward Busy Line and Call Forward No Answer and local exchange service usage that would be otherwise subject to local measured service usage charges.

**3. FrontierWorks (cont'd)**

A. Optional Services

The following services may be added to any of the bundles above:

1. FrontierWorks Select5

Choice of five of the following:

Caller ID—Name and Number  
Call Forward or Call Forward Variable  
Call Waiting  
Speed Calling 8 Code or Speed Calling 30 Code  
Three-Way Calling  
Busy Redial  
Call Return  
Hunting

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**3. FrontierWorks (cont'd)**

**B. Regulations**

1. A bundle is available only to customers who are served from a central office in which all services in the bundle are offered and can be provided by the Company to the customer.
2. The bundles are offered only under one-year, two-year, and three-year term contracts.
  - a. If the tariffed rates change during the term of the contract, the contract rates will remain in effect in the customer's contract.
  - b. The customer may order additional bundles at the term rates of the contract during the term of the contract. The termination date for additional bundles shall be the termination date of the initial contract.
  - c. To cancel the contract before the end of the contract term, the customer must provide at least 60 days advance written notice to the Company. The date on which the contract will be cancelled shall be 60 days after the date on which the Company receives the notice, unless the notice specifies a later date of cancellation.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**3. FrontierWorks (cont'd)**

**B. Regulations (continued)**

2. (Cont'd)

a. Early termination liability charges shall apply if the customer cancels one or more bundles before the end of the contract term. A bundle is considered to be cancelled if any of its component services are cancelled, unless the bundle is upgraded to a bundle of greater value.

1). The early termination liability charges shall be calculated as follows: For each cancelled bundle, with adjustments pursuant to paragraph b. below, a rate differential shall be determined, equal to the difference between the Rate Group 1 term rate for the contract term and the Rate Group 1 term rate for the longest available contract term for which the customer's subscription, upon cancellation, would have otherwise qualified. For example, if the customer cancels in the second year of a three-year contract, the rate differential would be the difference between the Rate Group 1 rate for a three-year term and the Rate Group 1 rate for a two-year term. If the cancellation occurs before the end of the minimum contract period, the rate differential shall be the difference between the Rate Group 1 term rate for the contract term and the month-to-month rates applicable to customers in Rate Group 1 for the component services of the bundle. The rate differential shall then be multiplied by the number of months (rounded to the next whole month) for which the customer subscribed to the bundle before cancellation. The result shall be the early termination liability charge for the cancelled bundle.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**3. FrontierWorks (cont'd)**

B. Regulations (continued)

2. (Cont'd)

d. (Cont'd)

- 2). The calculations described in paragraph a. above shall exclude Asymmetrical Digital Subscriber Line (ADSL) service component rates of bundles when federally tariffed termination charges apply to the ADSL service.
- 3). The early termination liability charges described in paragraph a. above shall not apply to cancellation of bundles within 90 days of activation.
- 4). In addition to the early termination liability charges described above, termination charges may apply to the ADSL service components of bundles in accordance with federally tariffed termination charges for ADSL service.
3. The FrontierWorks Select5 optional services associated with the bundles are not subject to the one-year, two-year, and three-year term commitments and are available on a month-to-month basis.
4. The FrontierWorks Select5 package is available only in association with a FrontierWorks Small Business Solutions bundle.
5. The bundle rate will appear as a single line item on the customer's bill.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**3. FrontierWorks (cont'd)**

**B. Regulations (continued)**

6. The bundle rate includes Extended Area Service (EAS) in exchanges where EAS is included in the local service access line rate. In exchanges where EAS is billed separately from the local service access line rate, EAS rates will be billed separately and in addition to the bundle rate.
7. All Interstate End User Subscriber Line Charges and other applicable surcharges and taxes will be billed separately from and in addition to the bundle rate.
8. In order to receive the long-distance minutes included in the bundles, customers must select the FrontierWorks LD long-distance plan of Frontier Communications of America, Inc., with Frontier Communications of America, Inc., selected at least as their InterLATA Primary Interexchange Carrier.

**C. Rates and Charges**

1. Unless otherwise stated elsewhere in this section, Service Charges\* apply to the installation of individual components of the bundles.
2. Service Charges\* apply if the customer switches from a bundle to an unbundled service.
3. Service Charges\* do not apply if the customer switches to another FrontierWorks Small Business Solutions bundle of greater value.
4. The customer may add or delete the services or features of the FrontierWorks Select5 package without incurring a Service Charge\*.

\* Service Charges identified in the applicable section of Frontier Communications of Breezewood, LLC's Tariff Telephone PA PUC No. 5

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles****3. FrontierWorks (cont'd)**C. Rates and Charges (Continued)

## 5. Monthly Rates:

## a. Bundle (Local Service Portion)

	<u>One Year</u>	<u>Two Years</u>	<u>Three Years</u>
Warfordsburg	\$21.19	\$19.79	\$18.70
Needmoore	\$21.19	\$19.79	\$18.70
Breezewood	\$21.19	\$19.79	\$18.70
New Grenada	\$19.96	\$18.63	\$17.61

Monthly Rate

b. FrontierWorks \$9.95

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles****3. FrontierWorks (cont'd)**D. Endnotes

1. The business access line does not include Key lines or PBX trunks or other business lines that are separately tariffed with different rates from the regular Business One-Party access line.
2. In the FrontierWorks Select5 package, “Call Forward” forwards all calls to a user-changeable forward-to number. It overrides Call Forward Busy Line and Call Forward No Answer. “Call Forward Variable” is the name for “Call Forward” in some markets. They are functionally the same.
3. In the FrontierWorks Select5 package, “Hunting” can be either Regular Hunt, which ends with the last number in the hunt group, or Circular Hunt, which searches all lines in a multiline hunt group, regardless of point of entry into the hunt group. The offered version will depend on its availability in the existing tariff. Call Forward Busy Line cannot be used with Hunting.

**4. FrontierWorks Business Connections**

FrontierWorks Business Connections are package offerings available to basic business customers and Centrex customers. The basic business offerings include one flat rate business access line and Caller ID with Name.

The Centrex offering includes two Centrex lines and several Centrex features. The included features are:

Call Forward Variable  
Call Transfer  
Call ID Name and Number  
Hunting  
Three Way Conference Call  
Abbreviated Dialing (where available)

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**4. FrontierWorks Business Connections (cont'd)**

**A. Optional Feature Services**

The following services may be added to a business access line bundle:

1. Business Connections Select5

Choice of five of the following:

Call Forward or Call Forward Variable  
Call Waiting with Cancel Call Waiting  
Speed Calling 8 Code or Speed Calling 30 Code  
Three-Way Calling  
Busy Redial  
Call Return  
Hunting  
Selective Call Forwarding

The following services may be added to the Centrex bundle and will be billed on a per feature basis.

2. Centrex Connections Features

Busy Redial  
Automatic Call Back

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**4. FrontierWorks Business Connections (cont'd)**

**B. Regulations**

1. A bundle is available only to customers who are served from a central office in which all services in the bundle are offered and can be provided by the Company to the customer.
2. The bundles are offered only under one-year, two-year, and three-year term contracts
  - a. If the tarified rates change during the term of the contract, the contract rates will remain in effect in the customer's contract.
  - b. The customer may order additional bundles at the term rates of the contract during the term of the contract. The termination date for additional bundles shall be the termination date of the initial contract.
  - c. To cancel the contract before the end of the contract term, the customer must provide at least 60 days advance written notice to the Company. The date on which the contract will be cancelled shall be 60 days after the date on which the Company receives the notice, unless the notice specifies a later date of cancellation.
  - d. Early termination liability charges shall apply if the customer cancels one or more bundles before the end of the contract term. A bundle is considered to be cancelled if any of its component services are cancelled, unless the bundle is upgraded to a bundle of greater value.
  - e. The early termination liability charges shall be calculated as follows: A maximum termination liability that is equal to the non-recoverable costs associated with the service will be determined and indicated in the customer's contract or at the time of sale. This termination liability will decrease in monthly increments over the course of the liability period. The liability charge shall be computed as follows:  
The ratio of the number of months remaining in the liability period multiplied by the Maximum Termination Liability.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**4. FrontierWorks Business Connections (cont'd)**

**B. Regulations (continued)**

- f. The early termination liability charges described in the paragraph above does not apply within 90 days of activation.
  - g. Customer contract will automatically renew at the current rate for one year if no cancellation notification is received
  - h. The FrontierWorks Business Connections Select5 optional services associated with the bundles are not subject to the one-year, two-year, and three-year term commitments and are available on a month-to-month basis.
- 3. The FrontierWorks Business Connections Select5 package is available only in association with a FrontierWorks Business Connections Solutions bundle.
  - 4. The bundle rate will appear as a single line item on the customer's bill.
  - 5. The bundle rate includes Extended Area Service (EAS) in exchanges where EAS is included in the local service access line rate. In exchanges where EAS is billed separately from the local service access line rate, EAS rates will be billed separately and in addition to the bundle rate.
  - 6. All Interstate End User Subscriber Line Charges and other applicable surcharges and taxes will be billed separately from and in addition to the bundle rate.
  - 7. The business access line does not include Key lines or PBX trunks or other business lines that are separately tariffed with different rates from the regular Business One-Party access line.
  - 8. FrontierWorks Business Connections cannot be used in association with a key system or a PBX service.

**Product Bundles**

**4. FrontierWorks BusinessConnections (cont'd)**

**B. Regulations (continued)**

9. In the FrontierWorks Business Connections Select5 package, “Call Forward” forwards all calls to a user-changeable forward-to number. It overrides Call Forward Busy Line and Call Forward No Answer. “Call Forward Variable” is the name for “Call Forward” in some markets. They are functionally the same
10. The Telephone Company reserves the right to waive any or all of the recurring, nonrecurring or both charges associated with the Bundles at any time upon notice to the Commission.
11. Individual promotional periods will not exceed six months during any rolling twelve-month period.
12. Appropriate notification of waived charges will be made to eligible customers.

**C. Rates and Charges**

1. Unless otherwise stated elsewhere in this section, Service Charges\* apply to the installation of individual components of the bundles.
2. Service Charges\* apply if the customer switches from a bundle to an unbundled service.
3. The customer may add or delete the features within the FrontierWorks Business Connections Feature package without incurring a Service Charge\*.

\* Service Charges identified in the applicable section of Frontier Communications of Breezewood, LLC’s Tariff Telephone PA PUC No. 5

**B. Regulations**

1. A bundle is available only to customers who are served from a central office in which services in the bundle are offered and can be provided by the Company to the customer.
2. The bundle is offered only under a two-year term commitment and requires a contract.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**5. Frontier Small Business Advantage (cont'd)**

B. Regulations (continued)

3. If the tariffed rates change during the term of the contract, the contract rates will remain in effect until the end of the customer's contract.
4. To cancel the contract before the end of the contract term, the customer must provide at least 60 days advance written notice to the Company. The date on which the contract will be cancelled shall be 60 days after the date on which the Company receives the notice, unless the notice specifies a later date of cancellation.
5. Early termination liability charges shall apply if the customer cancels the bundled service before the end of the contract term. A bundle is considered to be cancelled if any of its component services are cancelled.

The early termination liability charges shall be calculated as follows:

A Maximum Termination Liability of \$500.00 applies. This termination liability will decrease in monthly increments over the course of the liability period. The liability charge shall be computed as follows:

The ratio of the number of months remaining in the contract period over the total months in the contract period multiplied by the Maximum Termination Liability.

The early termination liability charges described in paragraph a. above shall not apply to cancellation of bundle within 30 days of activation.

Customer contract will automatically renew at the contract rate for two years if no cancellation notification is received.

6. The bundle rate will appear as a single line item on the customer's bill.
7. Frontier Small Business Advantage is a service mark of Citizens Communications Company.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles****5. Frontier Small Business Advantage (cont'd)****B. Regulations (continued)**

8. The bundle rate includes Extended Area Service (EAS) in exchanges where EAS is included in the local service access line rate. In exchanges where EAS is billed separately from the local service access line rate, EAS will be billed separately from and are in addition to the bundle rate.
9. All Interstate End User Subscriber Line Charges and other applicable surcharges and taxes will be billed separately from and in addition to the bundle rate.
10. In order to receive the long-distance minutes included in the bundles, customers must select the Frontier Small Business Advantage long-distance plan.
11. The bundle cannot be used in association with a Residential Line, PBX Service or ISDN service.
12. No Utility initiated change in a term contract that may result in more restrictive terms or conditions is enforceable unless the change is otherwise allowed by applicable law and the change is also communicated to the customer in a written notice 25 days prior to the change taking effect. Such notice shall present in a clear and conspicuous manner the current term or condition and the change being made in that term or condition. If the customer terminates service within 30 days from the effective date of the change, the customer shall not be assessed any otherwise applicable early termination penalty. A utility may not use this contract change provision to change term-contract rates or charges.

**C. Rates and Charges**

1. Unless otherwise stated elsewhere in this section, Service Charges\* apply to the installation of individual components of the bundles.

Stay Connected Seasonal Offering allows the customer to suspend the Digital Phone 100# Service while they are away, a minimum of one month and up to nine months for a reduced rate.

1. Customer is asked to provide a reconnect date at the time of the suspension. If a reconnect date is given then the reconnection charges does not apply.
2. A \$25.00 re-activation fee will apply if the customer does not provide a reactivation date at the time the order is placed to add the service.
3. Customer's line will be available for 911 calls only at the time of suspension.
4. The time that the customer is on the "Stay Connected" Seasonal Service will count for the fulfillment of the contract time.
5. Customer will be removed from the stay-connected discount after the nine-month period if no date is given.
6. The cost of the service includes the federal subscriber line charge.
7. This service does not change any other terms and conditions of the product.

C. Rates

Digital Phone 100# \$18.99

The rate identified below for the Digital Phone Enhanced Feature Package is in addition to the monthly rate for Frontier Digital Phone 100# Service identified in this tariff.

	<u>Monthly Rates</u>

All listed features	\$12.99

#The bundle was previously called Frontier Digital Phone Essentials.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles**

**13. Frontier Digital Phone Service X - Grandfathered as of May 6, 2019**

(C)

The Frontier Digital Phone Service X is a package offering available to residential customers that subscribe to flat rate service. The package includes one basic Flat Rate Access Line and a combination of local features. Customers can take any combination of features for the same flat rate charge.

Basic Bundle

Flat Rate Access Line	Call Waiting/Cancel Call Waiting
Call Forwarding Busy & Call Forward No Answer	Call ID Plus Name
Local and Extended Area Toll Calls	Message Waiting Indicator
Speed Call 8	

**B. Regulations**

1. The Frontier Digital Phone Service X is available where technically feasible.
2. The features are provided subject to their individual service regulations as specified in the applicable sections of the tariff.
3. When the customer disconnects any component of the bundle, the remaining components of the package will be billed at their individually tariffed rates.
4. Non-payment or partial payment of the bill may result in the removal of the regulated services that are included in the package in accordance with existing tariff rules.
5. Customers may add or delete any features offered in the package without a service order charge.
6. No discounts will be given to subscribers that do not use all the features or have some features turned off.
7. Federal Subscriber Line Charge will be billed separately from the basic bundles offering. All other surcharges and taxes will apply.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles****24. ISDN - Primary Rate Interface (ISDN-PRI) Bundle****A. General**

Integrated Services Digital Network (ISDN) - Primary Rate Interface (PRI) Bundle Service is an optional business package that provides a digital trunk with 23 B-channels for circuit switched voice and data and 1 D-Channel for signaling plus Caller ID and the option of Direct Inward Dialing (DID) numbers.

**B. Regulations**

1. ISDN PRI Bundle Service is available where technically feasible.
2. The bundles are offered for 2-, 3- and 5-year term commitments. A termination fee of 50% of the Recurring Charges will incur for the remainder of the term commitment period.
3. A customer may convert an existing term commitment to a new term commitment prior to the completion of the existing term without penalty. The customer will be charged a Subsequent Activity Charge for the change and will pay the current rates in effect for the term commitment chosen.
4. When a customer's serving office is not suitably equipped and/or the customer chooses to subscribe to ISDN-PRI Service from another central office, the customer will utilize the dialing plan associated with the designated ISDN-PRI central office. For PRIs served from an alternate central office, the normal PRI rates will apply in addition to the charges for Special Transport Termination and Special Transport (Mileage).
5. ISDN-PRI customers who are served from a foreign node may request to have their service provided from their local central office when facilities become available at that office. The Initial Service Ordering Charge and nonrecurring charges for T-1s and ports will be applicable, and termination charges will not apply on that transfer provided that the quantity of T-1s and ports are preserved. Customers who choose to continue service from a foreign node will be subject to the monthly rate for interoffice facilities. In addition, a number change generally will be required on any transfer from a foreign node to a local central office
6. Ports will be provided at the T-1 level only.
7. Customer provided equipment used to connect to ISDN-PRI Bundle Service must meet Company requirements.
8. The Company shall not be responsible to the customer if changes in any of the facilities, operations, or procedures utilized in the provision of ISDN-PRI Bundle Service render any equipment provided by a customer obsolete or require any modification or alteration of such equipment or system or otherwise affect its use or performance.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Product Bundles****24. ISDN - Primary Rate Interface (ISDN-PRI) Bundle (cont'd)****B. Regulations (cont'd)**

9. The customer must subscribe to services and specify each type of traffic that will be transported across the ISDN-PRI Bundle Service port (i.e., DID, DOD). All rates and regulations for these services will apply. The bundle is offered as flat rate voice with measured data. Usage charges generated by using ISDN-PRI will be measured and billed in accordance with the rates specified in this tariff.
10. Appropriate nonrecurring charges apply for installation of and changes to ports, T-1s and features ordered by the customer except as set forth in Rates and Charges following.

**C. Rates and Charges**

- 12. Wire Care Services include work performed on or at the customer premises by the Utility or a Utility representative at the customer's request and is not covered by other charges. The Bundle includes work preparation, actual work, materials and cleanup. Frontier Wire Care covers all wiring, jacks, dispatch charges, labor and materials for each telephone line in the home. In addition, Frontier Wire Care covers any damage to the phone line that was caused by lightning, accidental customer damage and problem isolation within the home.

C. Rates and Charges

- 1. All other surcharges and taxes apply and will be billed in addition to the bundle.
- 2. An Activation charge of \$35.00 will replace the Initial Service Order and Central Office Connection Charge.
- 3. Frontier Unlimited Voice and Feature Bundle is provided at the following rates:

	<u>Monthly Rate</u>
Frontier Unlimited Voice and Feature Bundle	\$50.00

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service**

**1. Centrex**

**A. General**

1. Centrex Service consists of digital switching equipment on Telephone Company premises, connected to station lines on the customer's premises.
2. Centrex Service enables stations to dial each other and to dial outgoing calls directly. Incoming calls may be dialed directly to any station. Incoming calls to the main listed number for the service are connected to a designated station and then completed to the desired party by operation of the call transfer feature.
3. Centrex Service is offered subject to the availability of the equipment and the capacity to provide the service.
4. Centrex Service will offer a Basic Feature Package, an Enhanced Feature Package, a Virtual Basic Feature Package and a Virtual Enhanced Feature Package. Additional features are available on an individual basis for an additional monthly charge. Virtual Packages incorporate the virtual facilities group which allows the limiting of the number of simultaneous outgoing and incoming calls.
5. Attendant consoles are located on customer premises. It is the responsibility of the customer to either supply the equipment or arrange to purchase or lease the equipment from the Telephone Company.
6. Centrex Service is offered only as a complete service.

**B. Regulations**

1. Centrex Service, including all specified features, is subject to the availability of the necessary switching equipment and facilities.
2. Centrex Service Customers subscribing to optional features are required to subscribe to these features for the same length as the rental period of the Centrex service and are not required to attach the optional features to 100% of their Centrex Lines.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service**

**1. Centrex (cont'd)**

**B. Regulations (continued)**

3. The minimum rental period for Centrex Service is one month, unless otherwise specified. However a monthly Centrex customer will incur a basic termination charge for recovery of administrative expenses for service either moved or disconnected prior to completing a 12-month period.
4. Centrex Service is designed for a minimum of two lines.
5. If the customer requests the disconnection of all or any part of the service prior to the expiration of the minimum rental period, termination charges apply as outlined in this tariff.
6. When customers renew or change the length of their payment period, the then currently effective tariff rates apply for the new period.
7. Where equipment or facilities in excess of that considered adequate by the Telephone Company is required by the customer, such additional equipment and/or facilities will be furnished at rates and charges based on actual cost plus contribution.
8. Recurring rates and installation, termination, service establishment and other nonrecurring charges apply according to the appropriate schedule outlined elsewhere in this tariff.
9. All live attendant functions at the customer's premises are performed at the expense of the customer and shall conform with rules and regulations of the Telephone Company to maintain a proper standard of service.
10. One primary directory listing will be furnished without additional charge for the Centrex Service in accordance with the regulations set forth in Section 6 of this tariff.
11. Temporary suspension of service is not offered with Centrex Service.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service****1. Centrex (cont'd)****B. Regulations (continued)**

12. When a request for service or additions, rearrangements, relocation, or modification of service is cancelled by a customer before the work involved has been completed, the customer may be required to reimburse the Telephone Company for all expenses, including engineering and construction costs, incurred by the Telephone Company as a result of such request before its receipt of notice of cancellation. The amount of reimbursement, however, shall not exceed the service, construction, installation, and termination charges that would have been applicable if the work involved in complying with the request had been completed.
13. All customer provided equipment to be used with Centrex Service lines is required to conform with the Technical Reference Specifications as used by the Telephone Company.
14. A Centrex Service customer may spread payment of Service Establishment Charges and Initial Charges over a period of three months. In the event that service is terminated prior to expiration of this payment, the customer is liable for an amount equivalent to any unpaid charges remaining, in addition to a termination charge as specified herein.
15. Centrex Lines are available only with Centrex Service. Centrex Lines may not be connected to other customer phone systems.
16. An existing Centrex Service customer may upgrade service (Basic to Enhanced or Virtual to Standard).
17. A customer on the one-month payment period may elect to upgrade and continue on the one-month payment period.
18. Termination charges do not apply for Centrex Basic service lines that are replaced by Centrex Enhanced service lines in the upgrade. In addition, termination charges do not apply for upgrades from Virtual Centrex to Standard Centrex. Termination charges do apply to Centrex lines or optional features disconnected prior to expiration for all payment periods longer than one month.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service****1. Centrex (cont'd)****B. Regulations (continued)**

19. Termination charges apply for Centrex Enhanced service lines that are removed or replaced by basic service lines or any optional features removed prior to expiration for all payment periods longer than one month in the downgrade.

**2. Definitions**

Add-On Consultation Hold--Incoming Only - Provides Three-Way Calling restricted to incoming DID calls.

Automatic Callback – The Centrex user can hang up after reaching a busy line and then dial a call back activation code to initiate the automatic call back process. As soon as the called party goes on hook, the customer will receive a distinctive ringing pattern (intra system only) to indicate that the desired line is available. This feature cannot be activated against a line number in a hunt group.

Business Group Numbering Plan - Allows:

- Intercom dialing on a 1- to 4- digit basis
- Access to an attendant via the digit "0"
- Access to private facilities via a 1 - to 4-digit code
- Redefinition of feature access codes from standard POTS codes
- Overriding the special dialing plan by dialing an access code (usually 9) to gain access to the public network numbering plan

Busy Out – A feature that allows a line that is a member of a hunt group to be marked as line busy. The line will not receive a call when the pilot number (the main number) of the group is dialed. This feature is used in a call center type of environment when an agent does not want to receive any calls for a period of time. Busy Redial - Will redial a busy number every minute for up to 30 minutes

Call Forwarding Busy Line - Incoming Only – Permits only DID incoming calls to the specified line number to be forwarded to a customer preselected number on busy. If intra system calls attempt to terminate to the busy line, they receive busy treatment. This feature is prohibited with any type of hunting services.

Call Forwarding Don't Answer - Incoming Only – Permits only DID calls incoming to the specified line number to be forwarded to a customer preselected number if not answered after a customer specified number of rings. Intra system calls will continue to ring the idle line.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service****2. Definitions (continued)**

Call Forwarding Variable (Outside) - Allows calls attempting to terminate to a line to be redirected to any other customer specified number. The customer must activate or deactivate the forwarding function and specify the desired terminating number during each activation procedure. Calls that are forwarded cause a short (about .5 second) ring on the forwarding line (base station) as a reminder that the service is active. If the call from the calling party to the forwarding line is chargeable, the calling party is billed for that part of the call. If the forwarded leg of the call is chargeable, the forwarding line is billed for that portion of the call.

Call Hold - Allows a Centrex V service user to put any in-progress call on hold. This frees the line to originate another call.

Call Pick-up Non Barge-In (Originating and Terminating) - Enables a user to answer a call to another line in the defined call pick-up group. This is accomplished by dialing a call pick-up code while the called line is being rung. If more than one line in the group is being rung, the line that has been ringing the longest is picked up first.

Call Return - Enables the user to call the number of the last person who called, whether the user answered that call or not.

Call Transfer --Individual--All Calls - Allows a station user to transfer any established call to another station within or outside the PBX or business group without the assistance of the attendant. This is accomplished by flashing while on a stable 2- party call, dialing the desired party, and handing up the telephone.

Call Transfer--Individual--Incoming Only - Allows a business group station user to transfer an incoming call to another station in the same business group without assistance from the attendant.

Call Transfer Individual - All Calls - Allows a Centrex V user to add on and/or transfer any established incoming call to any other line either within or outside the system. A user may add on and/or transfer a dial "9", off network (10 digit).

Call Transfer--Internal Only - Allows a business group station user to transfer any established intra group call to another station in the same customer group without assistance of the attendant.

Call Transfer--Outside - Allows a station user to add on a dial "9" off-network (10 digit), Common Control Switching Arrangement.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service****2. Definitions (continued)**

Call Waiting--Incoming Only - For business group lines, allows a station user who is engaged in a telephone conversation to be alerted via an audible tone that an incoming DID or private facility call is attempting to terminate. The busy called station can retrieve the calling station by hanging up and being rung back or by flashing the switch hook (placing the existing call on hold) and answering the waiting call. This feature is identical to Call Waiting--Terminating except that intra group calls are not call waited.

Cancel Call Waiting (CCW) - Allows a customer with Call Waiting to inhibit the application of call waiting tone for the duration of one call. The customer dials the cancel call waiting code, obtains recall dial tone, and places a call normally. During this call, anyone calling the Call Waiting customer will receive the normal busy treatment.

Conference Calling - 8 Way Station Controlled - A Centrex V line subscribing to this service may sequentially call up a maximum of 8 other parties and add them together to form a 8-way call. The parties that have been added may confer while the initiator is completing the setup.

Conference Calling - 16 Way Station Controlled - A Centrex V line subscribing to this service may sequentially call up a maximum of 16 other parties and add them together to form a 16-way call. The parties that have been added may confer while the initiator is completing the setup.

Directed Call Pickup Non Barge-In (Originating and Terminating) - Permits a user to dial a code and a line number and pick up a call which is ringing on another line. The rung telephone must permit directed pick-up. A 3-way call will not be established if the call has been answered by the called line. The party dialing the pick-up code will be routed to reorder.

Direct Inward Dialing (DID) - Allows an incoming call from the public switched network to reach a specific Centrex station line without attendant assistance.

Direct Outward Dialing (DOD) - A line can directly access the local exchange network.

Distinctive Ringing - DID Calls - This feature enables a Centrex V user to identify the general source of incoming calls by providing a unique ringing pattern on telephone instruments.

Executive Busy Override - Allows a business group subscriber, on reaching a busy station, to "break in" on the existing call. An alert tone is sent to the original parties and creates a three-way controlled by the breaking-in party

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service****2. Definitions (continued)**

Group Numbering Plan - Reserves a range of numbers for Centrex end users.

Hunting Services

1. Regular Hunting - The hunt always starts with the called line and ends with the last line in the prearranged group, completing the call to the first idle line encountered. Unless the first line in the group is called, only a portion of the group is tested. The prearranged sequence can be either consecutive (telephone numbers are in ascending numerical sequence) or nonconsecutive order. (Note)

2. Circle Hunting - An arrangement in which hunting begins with the terminal number associated with the called number, and continues sequentially through the last terminal number in the hunt group. Hunting resumes starting with terminal number 1, and continues through the terminal number preceding the start hunt terminal number. (Note)

3. Uniform Call Distribution - A hunting arrangement available to lines arranged in a circle hunting group. Incoming calls to the line (main hunt) number of the group will hunt throughout the lines in a fixed sequence, except that, once a call has been completed to a line, a pointer within the switching equipment will advance to the next idle line. The next incoming call will go directly to that line if it is still available. If it is not, the call will either be directed to the next idle line in the hunt sequence or, if all lines in the hunt group are busy, receive busy tone.

Note: The number of Centrex V Service lines in a hunt group is limited to a maximum of six.

Intercom Dialing - Permits lines within the Centrex V system to place calls to one another on a 2, 3 or 4 digit basis. In conjunction with the special dialing plan, permits station users in the business group to place calls to each other on 1- to 4-digit basis.

Intercom Dialing also requires traffic measurements of intercom call attempts and durations for each customer group separately.

Last Number Redial - Enables a station to redial the last called number by pressing a feature code rather than dialing the entire number. In cannot be put on a Key.

Saved Number Redial - The last number dialed is saved for use at any time, even after making other calls.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service****2. Definitions (continued)**

Simulated Facility Groups (SFGs) for Business Group Calls - Provides the capability to restrict the number of simultaneous DID calls terminating to the group and the number of simultaneous calls originated by the group to DOD. The simultaneous number of calls of each type is restricted separately to customer-specified quantities. Calls coming into or going out from the group over private facilities (foreign exchange, WATS, tie lines, etc.) are excluded from this restriction. These are independently limited by the number of private facilities acquired by the customer; however, SFGs can be used to restrict the number of simultaneous OUTWATS calls.

Speed Calling 30 - Allows the customer to automatically dial one 30 customer changeable preprogrammed telephone numbers by dialing the 1 or 2 digits representing the number to be called.

Station Camp-On with Automatic Call Back - Allows a station user encountering a busy station within the same customer group to be notified when the called station becomes idle and to be placed automatically in ring-again mode.

Three-Way Calling (TWC) - Allows a customer to add a third party to an existing conversation. The party initiating a 3-way call can hold one party with privacy exclusion while dialing and talking with another party (referred to as Consultation Hold) and can later include the held party in a 3-way call. The added party can be dropped from the connection by a flash from the initiating party.

Toll Restriction (1+ and 0+ Blocking) - Provides the subscriber with local dialing capabilities but blocks any customer dialed call that has long distance charge associated with it.

Touch-Tone Service - Dialing using dual tone multi frequency (DTMF) signals. Each line will be equipped with this conditioning.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service**

**3. Features**

A. The Basic Feature Package, Standard and Virtual will include the following features:

- Consultation Hold
- Call Forwarding- All Calls
- Abbreviated Dialing
- Group Speed Call
- Call Hold
- Call Transfer
- Direct Inward Dialing (DID)
- Direct Outward Dialing (DOD)
- Speed Calling – Individual Short 8
- Three Way Conferencing
- Call Pick-up
- Toll Restriction

B. The Enhanced Feature Package, Standard and Virtual will include the features included in the Basic Plan and,

- Call Forward - Busy
- Call Forward – No Answer
- Call Waiting – All Calls
- Cancel Call Waiting
- Directory Number Hunt
- Distinctive Ringing
- Speed Calling – Individual Long 30

**5. Termination Charges**

- A. If service is terminated in whole or in part, except as otherwise provided herein, prior to expiration of the agreed to payment period, the customer shall be required to pay a termination charge determined by the application of the following formula for station lines:

$$\frac{\text{Number of Station Lines Below the 90\% Level of Commitment Disconnected}}{\text{Monthly Rate}} \times \frac{\text{Number of Months Remaining in Contract}}$$

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Centrex Service**

**5. Termination Charges (continued)**

- B. The termination base for station lines shall be determined by: (1) the number and type of station lines initially installed; or (2) if the station line growth exceeds the initially installed number and type of stations by ten percent at the end of the first 12 months of service, the maximum number and type of station lines in service at the end of the 12 month period applies.
  
- C. A customer who reduces station lines below the 90 percent commitment has the following options for the duration of the contract period:
  - 1. Continue to pay an amount equal to the monthly rates for 90 percent of the station lines in service at the time the customer entered into their contract, or
  - 2. Pay termination charges as covered in 1. and 2. preceding on the number of station lines below the 90 percent commitment that are disconnected and continue to pay only for the actual number of station lines in service.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Directory Listing**

1. GENERAL REGULATIONS

The following applies to light faced listings in the white pages (alphabetical section of the directory).

1. Only information necessary to identify the customer is included in these listings.
2. The Telephone Company may use abbreviations in listings when, in its judgment, the clearness of the listing or the identification of the subscriber is not impaired.
3. The Telephone Company may reject a residence listing which is judged to be business or advertising. The Telephone Company may reject a listing which it judges to be objectionable or fictitious and contrived.
4. Special arrangement of names designed to secure a preferential position in the alphabetical list or listings which otherwise are objectionable are not acceptable.
5. A name made up by adding a term such as Company, Shop Agency, Works etc to the name of a commodity or service will not be accepted as a listing unless the subscriber is legally doing business under that name.
6. Listing charges date from the day the time it is available in directory assistance and continue until the expiration date of the printed directory in which they appear.
7. Incoming calls to non-published service will be completed by the Company only when the calling party places the call by number. The Company will adhere to this practice notwithstanding any claim of emergency the calling party may present. In the absence of willful misconduct, no liability for damages arising from publishing the telephone number of a non-published service customer in the directory or disclosing a non-published number to any calling party shall attach to the Company and where such number is published or disclosed by a Company employee, the Company's liability shall be limited to and satisfied by a refund of any monthly charges which the Company may have made for such non-published listing service.
8. The Company reserves the right to forward the name, address and telephone number of non-published telephone number service customers to government agencies authorized by ordinance to establish E911 service and/or subscribing to or providing E911 service.
9. Non-published directory service telephone numbers associated with the line used by the calling party to place outgoing calls may be forwarded to subscribers of calling number ID.

**Directory Listing**

2. COMPOSITION OF LISTINGS

1. Name

a. Business Service (If questions arise regarding the right of a customer to list the name of a business or to use the trade name of another, the Company may require written authority from the owner of such name or trade name prior to the insertion or continuance of such listing.)

- a. The name of a subscriber
- b. The name of each business enterprise which the subscriber conducts
- c. The name of a corporation which is the parent or subsidiary of the subscriber

b. Residence Service

- a. The name of the subscriber
- b. Another authorized residential name
- c. Dual name listings for authorized by the subscriber i.e. Smith, Mary and John
- d. Name of a church that includes "parsonage", "rectory", "parish house", "church study" or a descriptor that indicates it is part of a domicile

2. Designation

A designation can be used on a business service to assist the public in calling but not to advertise the business.

3. Address

Each customer may, but does not have to, include the house number and street name of the residence service is provided. A customer may provide an alternate address like a PO Box that is a valid mailing address.

**Directory Listing**

3. TYPES OF LISTINGS

1. Primary Listing – One listing, termed the primary listing, is provided without charge for each customer service whether billed by the same monthly statement or by separate statements for service provided by an entity with directory listing agreement.
2. Additional Listing – A general term to denote any listing, regardless of the form, in addition to the primary listing. It may be a second listing of the primary number with different name or a listing for a telephone number for the same customer service. It may also be a cross reference listing which is a referral without a telephone number to another listing i.e JC Penney’s see Penney’s. A business class of service may have a residential additional listing in order to populate a record in the residential section of a directory.
3. Foreign Listing – A listing appearing in a directory other than the directory in which local exchange service is furnished or associated with a service provider that does not have an directory listing agreement in place.
4. Extra Line of Information – descriptive text that does not have a telephone number.
5. Non-Listed - A listing that is available in directory assistance but not printed in the telephone directory.
6. Non-Published – A telephone number that is not listed in either directory assistance or in the telephone directory.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**

1. CUSTOM CALLING SERVICE

Custom Calling Services will consist of the following dial service features in conjunction with individual line services to the extent that existing facilities are available. These services are not available with private branch exchange service or Pay Telephone Line Service.

No assurance can be given that transmission will be fully satisfactory during conference and call forwarding calls.

DESCRIPTION

CALL WAITING/CANCEL CALL WAITING - This feature signals a customer talking on his line that another call has been placed to his line. The customer may answer that second call while holding the first and alternate between calls by momentarily depressing the switch-hook or receiver button. Cancel Call Waiting allows a customer with Call Waiting to inhibit the application of the Call Waiting tone for the duration of one call. The customer dials the Cancel Call Waiting code, obtains recall dial tone, and places a call normally. During this call, anyone calling the Call Waiting customer will receive the normal busy treatment. When the call is completed, Call Waiting will automatically be reactivated.

CALL FORWARDING

Call Forwarding permits a customer to forward incoming calls to another preselected number. The customer activates Call Forwarding by dialing a code and the telephone number of the line to which the calls are to be forwarded. The feature may be deactivated by dialing another code. The customer may still make outgoing calls even though a transferred call is in progress.

CONFERENCE CALLING - 16 WAY STATION CONTROLLED – This feature allows a customer subscribing to this service may sequentially call up a maximum of 16 other parties and add them together to form a 16-way call. The parties that have been added may confer while the initiator is completing the setup.

THREE WAY CALLING

This feature allows a customer to establish a connection involving himself and another party.

(C)  
(C)

SPEED CALLING 8 AND 30

This feature permits calling a predesignated telephone number (up to 12 digits) by dialing a one or two digit code. Two arrangements of Speed Calling are available: 8-number capacity using one digit abbreviated codes and 30-number capacity using two digit codes. Customer may make changes or entries in their repertory by dialing special codes.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**

1. CUSTOM CALLING SERVICE

DESCRIPTION (Cont'd)

WARM LINE

This feature provides for automatic dialing of a customer pre-designated number after the telephone is off the hook for 30 seconds. Dialing any number prior to the end of the thirty seconds automatically deactivates the warm line feature for that call. The predesignated number is selected by the customer and programmed through the central office. The predesignated number will be changed upon customer request.

DISTINCTIVE RING

This feature allows two telephone numbers to be assigned to a single party phone line. Each number has a distinctive ringing pattern so that the called parties can recognize which number is ringing.

(C)  
(C)

CALL FORWARD BUSY

This feature forwards incoming calls to a customer pre-selected number when they are on another call.

CALL FORWARD NO ANSWER

This feature forwards incoming calls (after a pre-selected number of rings) to a customer pre-selected number.

AUDIBLE MESSAGE WAITING INDICATION

This feature allows the customer to receive an audible signal (Stutter Dial Tone) when they have a message. Subscribers that wish to utilize this service must subscribe to a voice mail service.

HOME INTERCOM

This feature allows the subscriber to use the extensions on their telephone line as an intercom system.

ANONYMOUS CALL REJECTION

Customers who do not wish to receive calls from callers that withhold their telephone number and name or other identifying information through per line or per call blocking can reject anonymous calls. The caller will receive an announcement that the customer is not accepting calls from callers who are blocking their telephone numbers and names.

(C)  
|  
(C)

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**

1. CUSTOM CALLING SERVICE

DESCRIPTION (Cont'd)

REMOTE CALL FORWARDING (RCF) - This feature is a local exchange service that utilizes a telephone number and Central Office facilities in the Remote Call Forwarding local area to automatically forward all incoming calls dialed to the RCF telephone number to another number in the same exchange or in a different exchange, subject to the availability of necessary equipment and facilities. Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call.

The customer subscribing to Remote Call Forwarding is responsible for toll charges applicable to calls transferred from the forwarding location to the terminating location, if the terminating location is outside of the local calling area. The charges apply for each call answered, including person-to-person and collect calls which are refused at the terminating location.

Remote Call Forwarding paths may be used singly or in groups and only one forwarding number is permitted per group. The maximum number of paths per group is fifteen. Remote Call Forwarding is provided on the condition that the customer subscribes to sufficient RCF paths and terminating facilities to adequately handle all calls to the Remote Call Forwarding customer without interfering with or impairing any other services offered by the Telephone Company.

Remote Call Forwarding is not offered where the terminating telephone number is a Pay Telephone.

No other type of Call Forwarding service may be used in conjunction with Remote Call Forwarding. Remote Call Forwarding service cannot be terminated on a line equipped with Call Forwarding.

Identification of the originating telephone number is not provided to the Remote Call Forwarding terminating location.

Remote Call Forwarding is not represented as suitable for satisfactory transmission of data.

Each Remote Call Forwarding group is entitled to one alphabetical listing and one classified listing at no charge in the directory which serves the associated Remote Call Forwarding Central Office. All other listing regulations apply.

AVAILABILITY OF SERVICE

Custom Calling Service will be provided only in connection with individual line business and individual line residence service. Custom Calling Service is not provided in connection with Pay Telephone Service or PBX service.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**2. ADVANCED CUSTOM CALLING SERVICEDESCRIPTIONCALLER ID NAME\*

Caller ID Name is a feature which provides a display of the name and telephone number of a caller on a customer's Customer Premise Equipment (separate display unit or specially equipped telephone). After the first ring, the calling party's name and number is displayed on the customer's display unit.

Anonymous Call Rejection (ACR) will be provided free of charge as part of the Caller ID product. ACR automatically blocks any "anonymous" or blocked calls, without ever ringing at the called party's location. The calling party will receive a recorded announcement that the called party does not accept "anonymous" or blocked calls, and suggests the calling party unblock the delivery of the caller's telephone name and number and redial. To activate this feature, dial "\*77" on a touch tone telephone or dial "1177" on a rotary telephone. To deactivate this feature, dial "\*87" on a touch tone telephone or dial "1187" on a rotary telephone.

CALLER ID PER-CALL BLOCKING\*

Caller ID Per-Call Blocking is a customer-activated feature which allows the caller to permit or withhold the delivery of the caller's telephone name and number on each call. By pressing "\*67" on a touch-tone telephone or dialing "1167" on a rotary/pulse phone, the calling party will "block" the transmission of the calling telephone name and number. When this option is used, the called party's Caller Identification equipment will display the word "Private" or "Anonymous." There is no charge to use this feature.

CALLER ID PER-LINE BLOCKING\*

Caller ID Per-Line Blocking is a service that "blocks" the transmission of telephone name and number on all calls. Per-line blocking customers will have the option to "unblock" on a per-call basis by dialing "\*82" on a touch-tone phone or dialing "1182" on a rotary/pulse telephone before they dial the phone number they are calling. There is no monthly charge and no charge for the initial installation of this feature. Subsequent changes will incur service order charge changes.

CALL WAITING ID\*

This feature allows a customer to control the treatment applied to incoming calls while the customer is off-hook on a call. It notifies the customer of an incoming call with the Call Waiting tone and Call ID information. The customer must subscribe to a Caller ID Name to use this feature.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**

2. ADVANCED CUSTOM CALLING SERVICE

DESCRIPTION (Cont'd)

CALL RETURN\* (\*69)

(C)

Call Return (\*69) automatically returns a call to the telephone number of the last incoming call (if made from within the LATA). If the line is busy, it will continue to redial for up to 30 minutes. Call Return is activated by dialing "\*69" or "1169" from a rotary telephone. If the called number is busy, the caller is notified and instructed by an announcement, after which automatic processing of the call continues until both lines are idle. When both lines are idle, the calling party hears a special ring. The caller can continue to originate and receive calls without affecting the Call Return request. Call Return requests can be canceled by dialing the deactivation code "\*89" or "1189" from a rotary telephone. Call Return will not return a call to a "blocked" number and the customer will be advised of this when attempting to activate the feature. This feature is available on a monthly flat rate basis or on a per-use basis.

(C)

BUSY NUMBER REDIAL\* (\*66)

(C)

Busy Number Redial automatically redials the last number dialed (if made within the LATA). If the called number is busy, the caller can make or receive calls and a tone will sound when the redialed line is free. If the caller's phone is not in use, Busy Number Redial will sound a distinctive ring signal that the redialed line is free, and the call will be initiated when the phone is picked up. Dial "\*66" on a touch tone telephone or "1166" on a rotary telephone to activate this feature. To deactivate the service before the call-back is complete (the activation period is 30 minutes), the customer dials "\*86" on a touch tone telephone or "1186" on a rotary/pulse telephone. This feature is available on a monthly flat rate basis or a per-use basis.

(C)

\*The Company does not assure the delivery or nondelivery of calling numbers or the accuracy or completeness in the name, number or other information delivered to the customer in conjunction with Caller ID Name, Caller ID Per Call Blocking, Caller ID Per Line Blocking, Call Return, Call Waiting ID, Busy Redial services and other similar services identified in this tariff. Some calls may not display name and/or number information and/or Busy Redial may not be available for some calls, including but not limited to, those calls from callers who block their information, calls from or routed through certain Company and/or third party equipment or networks, and calls from certain types of customer provided equipment. The Company is not liable to the customer or any party for any error, omission, incomplete call or mistake associated with Caller ID Name, Caller ID Per Line Blocking, Call Return, Call Waiting ID, Busy Redial or other similar services identified in this tariff.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**

2. ADVANCED CUSTOM CALLING SERVICE

DESCRIPTION (Cont'd)

MULTIPLE SIMULTANEOUS CALL FORWARD

This feature provides a business customer with the capability to specify the number of calling paths that will be forwarded from one subscriber line to another telephone number. The feature is offered where facilities permit and at no time will this service take precedent over the requirement for these facilities to provide a customer with telephone service. Multiple Simultaneous Call Forward is restricted to voice use only. The feature is available only as an enhancement to one or more of the following features: Call Forwarding, Call Forwarding Busy and Call Forward No answer. Multiple Simultaneous Call Forward is limited to ten (10) call forwarding paths per telephone number. It can be used with any of the following services: B1, PBX, Centrex and ISDN BRI.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**2. ADVANCED CUSTOM CALLING SERVICEDESCRIPTION (Cont'd)PRIORITY CALL

Priority Call allows a customer to assign, up to 15 telephone numbers within their LATA, a distinctive ring to alert him/her when any of the 15 assigned numbers is calling him/her. It also includes a special Call Waiting tone for customers who have Call Waiting. When a customer subscribes to Priority Call, the service is equipped on the line and the customer is ready to establish a customer telephone number list. To gain access to this service, the customer dials "\*61" or "1161" on a rotary telephone. This feature is available on a monthly flat rate basis.

SELECTIVE CALL REJECTION

Selective Call Rejection allows a customer to reject call attempts from up to 15 telephone numbers within the LATA. To use this service, the customer pre-programs telephone numbers of calling parties they wish to reject. Any call attempts to the customer's telephone from these specified numbers will be prevented from being completed to that customer. The calling party will get a recording advising the caller that the called party is not receiving calls. The customer can also add an "unknown" caller to the Selective Call Rejection list by activating the feature immediately after receiving an unwanted call. Selective Call Rejection is activated by dialing "\*60" for "1160" from a rotary telephone. After gaining access to the service, the customer can activate or deactivate by dialing an activation/deactivation code as directed by an announcement. This feature is available on a monthly flat rate basis.

SELECTIVE CALL ACCEPTANCE

Selective Call Acceptance allows a customer to store up to 15 telephone numbers within the LATA from which a subscriber wishes to receive calls. An incoming call from a number that is not on the Selective Call Acceptance list is routed to an announcement stating that the called party does not wish to receive the call. Selective Call Acceptance is accessed by dialing "\*64" or "1164" on a rotary telephone. After gaining access to the service, the customer can activate or deactivate by dialing an activation/deactivation code as directed by an announcement. This feature is available on a monthly flat rate basis.

## INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**2. ADVANCED CUSTOM CALLING SERVICEDESCRIPTION (Cont'd)SELECTIVE CALL FORWARDING

Selective Call Forwarding allows a customer to program up to 15 telephone numbers within the LATA to be forwarded automatically to another telephone number. Incoming calls that are on the Selective Call Forwarding list will be forwarded to the predetermined telephone number. Selective Call Forwarding is accessed by dialing "\*63" or "1163" from a rotary telephone. After gaining access to the service, the customer can activate or deactivate by dialing an activation/deactivation code as directed by an announcement. Entries on the Selective Call Forwarding list, as well as the forward-to telephone number, can be changed at any time. This feature is available on a monthly flat rate basis.

CALL TRACE

Call Trace allows a customer to initiate a trace of the last incoming call (whether or not the call was blocked) by dialing "\*57" on a touch tone telephone or "1157" on a rotary telephone. Call Trace provides the customer with an immediate option of tracing an abusive, harassing or threatening call.

The Call Trace feature is designed to provide a written record that may assist the customer and law enforcement authorities in legal proceedings. When the Call Trace feature is activated, the calling party telephone name, number, and the date and time of the call is automatically transmitted to Frontier Communications where that information is stored in a computerized database. Call Trace information is **not** provided to the customer.

If the trace is successful (the calling party name, number, date and time of the call are captured), the person who activated the feature will receive confirmation through a recorded announcement which will tell the customer to contact his or her local law enforcement agency if they wish to further pursue the matter. If Call Trace is successful, a fee is applied to the customer's telephone bill. The charge does not apply if Frontier Communications releases the trace information, at the customer's request, to the law enforcement agency. If the trace is unsuccessful, the telephone company does not have record of the call and the customer is not charged for attempting to activate the feature.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Custom Calling Service**

2. ADVANCED CUSTOM CALLING SERVICE

DESCRIPTION (Cont'd)

Toll Restriction - This feature permits a customer to voluntarily restrict his line from access to the toll network.

The customer can choose from three different levels of toll restriction. The customer may choose:

Direct Dial Restriction - Operator not restricted - This type of restriction blocks direct dial calls where 1+ the number is dialed, or long distance where just the seven digit number is dialed. Access to the operator is not restricted. Access to 911 and toll free numbers is still available.

Direct Dial Restriction - This type of restriction includes all direct dial calls, including those where 0 + the number is dialed. This type of restriction will allow access to the operator (0) and 911 for emergency purposes. Access to toll free numbers is still available.

Complete Direct Dial Restriction - This type of restriction blocks all direct dial calls, including all access to the operator. Access to 911 and toll free numbers is still available.

Rotary Trunk Feature

A group of consecutively numbered individual exchange lines furnished to the same customer may be arranged, at the customer's request, so that all calls to the group will be directed automatically to an idle line of the group.

Only the number of the initial line of the group is listed in the telephone directory and all calls are directed to this number. The additional consecutively numbered lines of the group are termed auxiliary lines.

A monthly charge applies for each line of a rotary service in addition to the rate for the appropriate class and grade of service.

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES

**Miscellaneous Service and Equipment**

1. CONVENIENCE FEE

A. General

A convenience fee is a charge that is added onto a customer's account if a customer makes a payment using a Company Representative. The customer is informed by the Company Representative of the applicable charges prior to processing the payment. The charge will be collected at time of payment processing.

B. Regulations

This fee will not apply if:

- The automated payment systems are unavailable due to system outages.
- At the time payment is made, the customer agrees to sign up for automatic bill payment.
- Payment is taken for a deposit.
- The payment is for a Government account.

C. Rates and Charges

Convenience Fee, per occurrence      \$10.00

INFORMATIONAL TARIFF FOR COMPETITIVE SERVICES
