Customers enrolled in this product will receive a total of 100 free direct dial 1+ and (8XX) toll free interstate, interLATA or intraLATA minutes per month, measured at the account level. Any usage above the allotted free minutes will be subject to an overage rate that can be found following in this section.

A single optional Block of Time (BOT) quantity of minutes can be ordered in conjunction with FrontierWorks LD, in monthly increments of 250, 500, and 1000 minutes, for an additional monthly recurring charge (MRC). The MRC for the BOT is applied at the account level, and can be found in the FrontierWorks LD Plan from Frontier Communication of America's Interstate Domestic Price List. Any usage above the 100 free minutes and the BOT minutes will be rated at an intrastate overage rate per minute, and these rates can be found in the current rates and charges section of this tariff. Unused free or BOT minutes do not carry over to the next bill cycle.

Overage rates may vary depending upon which BOT is selected. If a new customer to FrontierWorks LD signs up mid-billing cycle, free minutes and the BOT minutes will be prorated. If moving between BOTs, minutes will be prorated based upon the number of days of that billing cycle and will be charged the appropriate overage rate for the BOT selected at the time the call was completed. Usage will be billed in arrears. Excluded from the BOT minutes are: long distance Directory Assistance, and 900 calls. (D)

In the event a customer has multiple lines on their account, and any of the auxiliary lines are not on the FrontierWorks Small Business Solutions product of the associated LEC, those lines are not eligible for the 100 free minutes or a BOT selection offered by FrontierWorks LD. If a customer selects an FCA product for auxiliary lines other than FrontierWorks, the customer will be subject to the rates, terms and conditions of that product.

Interstate rates for usage outside the zero-rated minutes or the optional BOT minutes are found in the Domestic Price List of Frontier Communications of America, Inc. International rates for this product are found in the International Product Guide of Frontier Communications of America, Inc.

All calls are subject to a minimum billing of eighteen seconds with an additional billing increment of six seconds. Charges will be rounded up to the next cent on a per call basis.
